The event brought together alumni of SSBS from various batches along with current students of M.Sc. Biotechnology and M.Sc. Biochemistry. The objective of the programme was to strengthen the connection between alumni and the institution, encourage interaction with current students, and provide a platform for sharing professional experiences and career guidance.

The programme began with the registration of alumni participants followed by breakfast at SymbiEat, located on the first floor of the SIT Building. Student volunteers from the current batches assisted in welcoming the alumni and coordinating the registration process.

The formal session commenced with the welcome and opening remarks delivered by Dr. Rashmi Tupe, Professor and Alumni Cell In-Charge, SSBS. In her address, Dr. Tupe highlighted the importance of maintaining strong alumni relations and emphasized the role alumni play in supporting academic and professional development of students.
